REVENUE ASSUMPTIONS:

Texas Transportation Code §§ 521, 524, 548, 644, Administrative Code § 23 Revenue receipts transferred to Texas Department of Transportation (TXDOT), only License Fees and Station Fees are still collected at DPS

HB2305 was enacted March 1, 2015, and DPS no longer sells inspection stickers, the inspection is required prior to getting the registration sticker from DMV, which now collects this revenue.

USE OF HOMELAND SECURITY FUNDS

These funds are used for training, exercise programs, and equipment designed to prepare the State of Texas for disaster situations. Payments from the Federal Emergency Management Administration are passed through to other state agencies and local government entities for public assistance reimbursements, hazardous mitigation costs, and other costs associated with the response and recovery from a natural disaster. The portion of the funds received and retained by DPS are reimbursement for the costs incurred responding to natural disasters, administrative and management costs, the coordination of preparation, training, and response efforts for the State, and oversight of the distribution of pass-through reimbursements to locals and other state entities.

Expanded or New Initiative: 1. Krystal Jean Baker Act Relating to the Creation and Storage of Certain

DNA Records

Legal Authority for Item:

House Bill 1399, 86th Legislature, Regular Session;

Government Code, Ch. 411; Code of Criminal Procedure, Articles 42A and 102.020

Description/Key Assumptions (including start up/implementation costs and ongoing costs):

The bill requires the Department of Public Safety (DPS) to conduct DNA testing on specimens collected pursuant to the bill's requirements. The bill also requires DPS to apply for federal grants relating to the creation and storage of DNA records. DPS is actively seeking federal grant funding opportunities.

Evidence of Sexual Assault and Other Sex Offenses

Legal Authority for Item:

House Bill 8, 86th Legislature, Regular Session;

Government Code, Ch. 420; Code of Criminal Procedure, Articles 12.01, 38.43, and 56.065

Description/Key Assumptions (including start up/implementation costs and ongoing costs):

The bill requires the Department of Public Safety (DPS) to retain the contents of certain sexual assault exam kits for the greater of 40 years or the expiration of the statute of limitations. DPS currently retains such kits for 40 years. Further, the cost of any additional storage beyond the 40 years, should DPS be required to store kits for longer than 40 years, is expected to be low. The bill requires DPS to apply for federal grants relating to the analysis of evidence collection kits containing biological evidence. DPS is actively seeking federal funding opportunities, including ongoing grant applications to the National Institute of Justice's DNA Capacity Enhancement and Backlog Reduction Program. The bill requires DPS to compile reports submitted by public crime laboratories for the purpose of projecting a timeline for the completion of laboratory analysis of all reported cases. DPS is currently setting up processes to compile and analyze these reports. The bill requires DPS to complete analysis of the evidence of a sexual assault, or other sex offense, within 90 days of the receipt of the evidence. Since 9/1/19, DPS has prioritized getting these cases analyzed within the 90 day time frame. Further, DPS is actively expanding its general capacity to execute these analyses in the timeframe required by the bill using both this bill's contingency funding provided in Art. IX, Sec. 18.49 and the Exceptional Item funding for DPS' crime laboratories in Art. V.
