

2021

Texas Border Crime and Other Criminal Activity Report

Report Date: May 30, 2022

Reporting Agency: Department of Public Safety

Introduction

Texas Government Code § 411.055 requires DPS to prepare and submit the *Annual Report on Border Crime and Other Criminal Activity* to the Texas Legislature not later than May 30th of each year.

This report is informed by data submitted by local law enforcement agencies in Texas for offenses and arrests reported to DPS related to activity during the period of January 1, 2021, to December 31, 2021. The report utilizes Uniform Crime Reporting (UCR) data to provide border crime statistical data which occurred in Texas Counties contiguous to the Texas / Mexico border. Data relating to border crime arrests is sourced from the Computerized Criminal History (CCH) system. This data is derived from two different sources which collect different data types (one based on offense occurrence and the other based on arrest events), this data is presented separately. While there may be some overlap between the data sources, they cannot be reliably comingled as there is no information to tie a specific crime incident report to a specific arrest event. In order to reinforce the difference in the data, the information is visually separated by color with border crime statistical data presented in blue and gray while border crime arrest crime data is provided in black and white.

Section 772.0071(a)(1) of the Texas Government Code defines “Border crime” as “(a)ny crime involving transnational criminal activity that undermines public safety or security, including an offense:

- (A) during the prosecution of which an affirmative finding may be requested under Article [42A.054](#)(c) or (d), Code of Criminal Procedure;
- (B) under Chapter [19](#), [20](#), [20A](#), [21](#), [22](#), [46](#), [47](#), or [71](#), Penal Code;
- (C) under Title 7 or 8, Penal Code;
- (D) under Chapter [481](#), Health and Safety Code;
- (E) committed by a person who is not a citizen or national of the United States and is not lawfully present in the United States; or
- (F) that is coordinated with or related to activities or crimes that occur or are committed in the United Mexican States.”

Border crime statistics use Incident Based Reporting data from local law enforcement agencies contiguous to the Texas / Mexico border. Further information about Incident Based Reporting activity is available on the Texas UCR Program [webpage](#).

Border arrests refers to criminal offenses committed by persons who are not lawfully present in the United States. Please note: the arrests in this report do not include all arrests committed by persons not lawfully present in the United States. Lawful presence is determined by the Department of Homeland Security (DHS) when the arrestees’ fingerprints are matched to fingerprints in the DHS database. If an unlawfully present individual is arrested and their fingerprints were not already enrolled in the DHS database at the time of their Texas arrest, DHS would be unable to biometrically verify their immigration status and therefore, their arrests are not included in these counts.

Additional information related to the data collections used to inform the border arrest information in this report can be found on the [Texas Criminal Illegal Alien Data webpage](#).

The information contained in this Report is accurate as of March 11, 2022, for incidents that occurred in 2021. The underlying data changes continuously as submissions are created and updated from law enforcement agencies across the State each day. Because of this, it may not be possible to replicate the figures included here even using the same search criteria. Slight variations in results obtained using identical queries are expected and normal for the systems used in compiling this information due to the dynamic reporting nature of the process.

Executive Summary

Texas is fortunate to have a high number of law enforcement agencies that contribute to the UCR program. As of March 11, 2022 there are 1,022 Texas agencies contributing data to the UCR program. Without their participation, reports such as this would not be meaningful.

Border crime impacts all areas of Texas. As the data contained in these pages demonstrates, criminal illegal aliens account for a significant number of serious offenses in Texas. The report does not imply that unlawfully present individuals commit crime at a higher rate than citizens, it simply provides a count of the Texas arrests of individuals who are not legally present in the United States. These criminals harm Texans and affect our safety and security.

DPS publishes a Crime in Texas (CIT) report every year using data collected through the state's UCR program. The CIT provides statistics and information for selected offenses across Texas, and each yearly report beginning in 2011 is available on the [CIT webpage](#).

Border Crime Arrest Data

The data in the chart to the right depicts statewide border crime arrest related to individuals not lawfully present in the United States for the period of January 1, 2021 through December 31, 2021.

The table below reflects the total border crime arrests offenses reported in border and non-border counties for counties with the 20 highest numbers of reported arrests. The counties listed represent more than 95% of the reported activity.

All offense categories covering all counties in 2021 add up to 31,269 arrests. Spreadsheets that detail instances for all reported crime categories by county can be found on the [DPS website](#).

Selected Arrest Offense Categories

Offense Category	Statewide Totals
Arson	25
Assault	5,399
Bribery	9
Burglary	489
Commercial Sex	300
Crimes Against Person	30

Total of Top 20 Counties	25,133
All Other Counties	6,136
Statewide Totals	31,269

Border Crime Statistical Data

This section reflects border crime statistical data submitted to the Texas UCR program by local law enforcement agencies in the counties along the Texas and Mexico border. 2021 is the first year the UCR program is no longer accepting reports in two formats—the traditional Summary reporting methodology was sunset at the end of 2020 and now all participating agencies are submitting the more data rich National Incident Reporting System (NIBRS) format.

While 411.055 of the Texas Government Code directs the DPS to utilize NIBRS reporting for the Border Report, previous Border Reports were a mix of Summary and NIBRS data, presented in a summarized reporting method. As of 2021, all Texas agencies participating in UCR program reported in the NIBRS format, but some summarized reports are still used to show an overall picture of crime.

Additionally, statewide UCR data totals are depicted on page 9.

UCR data is continually updated so current data may slightly differ from what is contained in this report. Agency totals by month are available on the [DPS website](#).

*For this table per NIBRS guidelines, the category of Murder includes Murder and Non-negligent Homicide.

**Under NIBRS Guidelines the category of Rape includes 11A= Rape, 11B= Sodomy, and 11C= Sex Assault with Object.

*** Given the difference in terms and criteria, numbers in this Report may reflect a substantial change. Per Summary Conversion Guidelines, this report includes Aggravated and Simple Assaults. This is an expected result given the differences between the two categories.

Detailed Border County Crime Statistics

The information on the following pages provides detailed totals of offenses for each border region law enforcement agency, grouped by county that reports uniform crime data to DPS. DPS still uses summarized reports to give an overall picture of crime along the border, but all data collected for 2021 incidents is NIBRS data. This is consistent with how the annual *Crime In Texas* report is generated.

UCR data is continually updated so current data may slightly differ from what is contained in this report. Agency totals by month are available on the [DPS website](#).
