Enclosure

cc: Lieutenant Governor
       Members of the Legislature
       Members of the Public Safety Commission

INTRODUCTION

The mission of the Texas Department of Public Safety, small Unmanned Aircraft Systems (sUAS), is to provide unmanned aviation support to various law enforcement and public safety services, Homeland Security and Divisions of the Department such as Intelligence and Counterterrorism, Criminal Investigations, Aircraft Operations, Texas Rangers and Texas Highway Patrol. Additionally, aviation support is provided to federal, county and city law enforcement agencies throughout the state. The missions include: criminal search, criminal patrol, criminal photography, support of SWAT operations, search for lost persons, search for downed aircraft, search for victims, disaster response (i.e. hurricanes, tornadoes and fires), support of appropriate traffic law enforcement activities, border security and other law enforcement and public safety missions.

During fiscal year 2022, the six (6) participating Department Divisions (Criminal Investigations Division, Texas Highway Patrol Division, Texas Ranger Division, Training Operations Division, Intelligence and Counterterrorism Division and Aircraft Operations Division) operated 256 small Unmanned Aircraft Systems.

As required by Section 423.008, Government Code, a summary of number of times an unmanned aircraft was used, number of criminal investigations aided by the use of an unmanned aircraft, number of times an unmanned aircraft was used for a law enforcement operations other than a criminal investigation and the type of information collected on an individual, residence or property that was not the subject of a law enforcement operation is included in this report. This summary includes date and time, location, purpose of flight, if the flight was for criminal investigation, if non-law enforcement information was collected and the type of information collected of each flight.

Date	Time	Location	Primary Purpose	Criminal	Description	Info Collected	Yes Info
9/1/20	10:53	Cypress	6.010: Flight Training (Basic procedures)	NO	Training Flight	NO
